Student Motor Vehicle Use

All students who drive motor vehicles to school are subject to the public motor vehicle code and parking/driving rules developed by the administration. The district may deny student parking privileges for noncompliance of rules.

Students parking vehicles on district property must ensure that:

1. The vehicle driver holds a valid driver license;
2. The vehicle is currently registered;
3. The vehicle is insured under a motor vehicle liability insurance policy or other satisfactory proof of compliance with the financial responsibility requirements of the state;
4. The vehicle is in compliance with school rules by displaying the appropriate sticker.

The district may charge a fee for the privilege of parking on district property. Parking privileges will be subject to the specific requirements of this policy and any other applicable policy and/or rules of the district. Parking privileges, including driving on district property, may be revoked by the principal for violations of Board policies, administrative regulations or school rules.

The district will post appropriate parking signs.
