**AUDIENCE COMMENTS**

Terry Deacon shared that he had been working with the committee that is developing the skate park in town. He wanted to update the Board, letting them know that the skate park is now ready to begin phase two. They are going to have a contest, where students can turn in a design for phase two of the park. The winner will have that section of the park named after him/her.

Jennifer Walter expressed her concerns with the display of the confederate flag and swastika on school property (see attached letter).

LEA President Maureen Twomey expressed her concern that the District is proposing adding an additional administrative position, when the contract with the licensed staff is not settled yet. She feels that it shows a lack of respect for the certified staff.

Board Member Russ McUne shared that he is the spokesperson for the Administration's Bargaining Team for the certified contract. He gave a short update on the bargaining process. He pointed out that the process began in March with a huge gap between the Union and Administration. The teams have been working and are now much closer. There is information regarding the proposals on the Lebanon Community School District web site. The teams will meet again tentatively on January 6, 2016. Russ expressed his appreciation to the Union and Administration Teams for the many hours that they have put into the process.

  - KL – Public Complaints

Jennifer Meckley shared that she had checked regarding the smart snack question and found that it referred to students getting another entrée after their meal.

Liz Alperin questioned if policy JFCF under cyberbullying could have criteria for what constitutes cyberbullying, as it is very vague. She also would like to state that discriminatory dress and flags are banned under harassment.

Other Board members would want the policy to align with state and federal laws. They thought it might be better to keep it broader to cover a wider range. They suggested having OSBA and/or our attorney weigh in.

Rob Hess pointed out that the student handbooks address dress codes.

Russ McUne made a motion to adopt on second reading the policies as presented. Mike Martin seconded.

Russ McUne, Mike Martin, Jerry Williams and Richard Borden voted yes. Liz Alperin voted no. The motion carried by majority.

Jennifer Meckley will check with OSBA regarding policy JFCF and bring her finding back to the Board next month.

- 5. Report:** K-6; 7-8 Reconfiguration Timeline (Enclosure E-5)

Rob Hess pointed out that it has been mentioned at previous meetings that a K-6 and 7-8 reconfiguration might be beneficial for students. Rob said he would like to get feedback from the Board regarding this kind of model. If the Board would like the District to move forward a proposed timeline is included in the Board packet. Rob pointed out that no polling from the community has been done yet. He would like the District to look at the next 10 to 15 years and think about where we want to be. He shared that he feels this model would give students more opportunities with limited funds. If the District uses this model rezoning of boundaries would have to be done. By rezoning, the K-6 schools would house about 350 students each and the District would not have to build a new school.

Liz Alperin said that she feels that the Board needs to look at this as two issues as rezoning is a real big deal for families. Liz would like to have community forums several weeks before the presentation to the Board.

The Board discussed the K-6 & 7-8 model and felt that it would be a big plus for students with more advantages by having a broader base and variety of classes and opportunities.

Mike Martin said that his concern would be with the county schools.

The consensus of the Board was to move forward.

Rob Hess said that the timeline can be tweaked. He would like to start getting the word out to folks. If the Board receives feedback please let the District know.

The other Board members would like to see a job description for the program administrator.

The consensus of the Board was to table this Agenda Item until January when a job description could be brought forward.
